

MINISTRY OF ENVIRONMENT, ENERGY AND CLIMATE CHANGE

FLOATING SOLAR PV INDEPENDENT POWER PRODUCER IN SEYCHELLES

As announced by Minister H.E. Wallace Cosgrow at the Africa Energy Forum, we are pleased to confirm that the pre-registration for the Floating Solar PV IPP tender has been officially launched.

The Pre-Qualification documentation will be made available via a data room service on July 2nd, 2018. Interested firms are hereby invited to confirm their interest to participate in the Pre-Qualification process as instructed below. Final registration for the Tender will require evidence of payment of a tender registration fee, details of which will be communicated by June 27th 2018.

Interested firms are also hereby informed of the following intended timeline:

- June 27th: Payment instructions communicated to pre-registered companies and made publicly available
- July 2nd: Access provided to data room to those applicants that submit registration request including confirmation of payment
- July 20th: Last date to register and gain access to the tender data room
- August 10th: Deadline for submission of Applications

Requests for pre-registration should be submitted to:

Cynthia Alexander (Seychelles Energy Commission): calexander@sec.sc ; cynthalex@gmail.com
CC: Rene Meyer (Tender Advisor): rene.meyer@multiconsultgroup.com

Please note that this notice is for information purposes only to those companies which already have expressed interest in this tender to date. Please note that the tender team does not intend to provide further clarifications concerning the Pre-Qualification process until official launch of the Pre-Qualification process on July 2nd, 2018.
